

Margaux Ayezzalyne Vertudes

San Juan I, General Trias City, Cavite

Email: vertudesmargaux2003@gmail.com | 09559426287

Computer Science graduate with experience in backend development, WordPress project maintenance, and software debugging with strong interest in software development and system design.

EDUCATION

Cavite State University – Main Campus | 2021 – 2025

- Bachelor of Science in Computer Science
- Dean's Lister

Luis Y. Ferrer Junior Senior High School | 2020 – 2021

- Graduated with Honors

EXPERIENCE

Intern, Backend Developer – Ascend Profit | 2024

- Developed and maintained WordPress-based web applications for Palm Fairway Club
- Assisted in backend debugging and deployment of client-facing systems
- Collaborated using Agile methodology during project development cycles

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, PHP

Web Development: HTML, CSS

Databases: SQL, MySQL

Machine Learning: CNN, PyTorch, Image Classification, Deep Learning

Tools & Frameworks: WordPress, VS Code

PROJECTS

Disease Identification and Monitoring Application using CNN in Pineapples

- Developed a CNN-based disease classification system using PyTorch
- Implemented image preprocessing and severity classification
- Trained and evaluated deep learning models for pineapple disease identification

Innovative Contactless SmartBin using Arduino Uno

- Developed and implemented contactless smartbin system using Arduino Uno
- Integrated automatic lid opening through hand-detection sensors and automatic alcohol spraying
- Champion, Research Conference in Capstone (2021)

TRAINING AND WEBINARS

2023 Seminar – Universitas Wahid Hasyim, Indonesia | Nov 8–10, 2023

- Attended ASEAN- focused international IT seminars hosted by Universitas Wahid Hasyim, Indonesia
